**Greetings from Peddle Thorp & Montgomery Architects. Our Spring Newsletter is dedicated to presenting some of our recent residential and interiors projects by Peddle Thorp Interiors and Design@Home.**

**Canal House**

"Design @ Home" were engaged to create a contemporary style holiday home on the new Whitianga Waterways, overlooking their leisure boat moored on the Canal Frontage. The owners' wanted a self contained guest area that visitors could use when they were not there, without accessing the main living areas.

The design creates a 'glass box' with motorised external louvers to provide a grand two storey living and entertainment area.

The result is an open, light filled home with easy access to the Canal and outdoor lap pool. The user friendly sliding and operable louvers allow the owners functional control of the light level and privacy while at the same time creating whimsical effects internally and externally. The simple material palette of honed and polished concrete, steel, glass (frosted, clear and evergreen) and white painted interiors gives a fresh, open and playful contemporary style, that has been welcomed and enjoyed by the owners.

**Evertt Brown House**

**Beckett House**

**Lisland House**

**Gallery House**

Peddle Thorp Interiors has over 20 years experience in residential homes and apartments.

In addition to new housing, Peddle Thorp Interiors offers Residential services in refurbishment, restoration, materials and furniture selection.

We have a wide range of qualified professional who can create innovative and exciting solutions.

Peddle Thorp Interiors create spaces that enhance your life style while being functional and aesthetic.
